

# Golden Grove Primary School 2019 - 2021

*Opening doors to unlimited possibilities*

## Mathematics Growth & Achievement

Teaching through problem based approaches and addressing student misconceptions to increase student achievement and growth

## Reading Growth & Achievement

Designing reading instruction by analysing achievement data and planning explicitly for improvement to increase student achievement and growth in reading

## Assessment for Learning

Assessment occurs during the learning to provide clarity, feedback and direction for teachers and learners

## Task Design for Stretch

Learning is intentionally designed to provide opportunities and motivation for intellectual stretch

## Growth Mindsets

Positive dispositions are enhanced by growth mindsets and aspirations for future learning

## Belonging

Developing quality relationships and strong connections to build a sense of belonging for all
