Native Garden Planting Day

A beautiful new garden has been planted in our school to attract native butterflies, birds and insects.

Our Specialist Science teacher, Haylee Garner, with the support of Naomi Findlay from Green Adelaide and our Year 6 Environmental Leaders, created a landscape design incorporating 13 different species of native plants.

Haylee colour coded the design on the ground in readiness for planting and each one of our students helped to plant over 800 tube stock plants. In six months or so, we look forward to seeing a spray of colour in this area!

SAPSASA News

Congratulations to Hadley for being selected to represent the Tea Tree Gully District at the State Soccer Carnival.

Over the three days of competition at ServiceFM Stadium, Hadley played eight games of tough competition in Division 1.

Hadley's team kicked four goals throughout the competition and she feels really proud for kicking one of those goals.

Hadley's highlights included having the opportunity to play three days of sport and making new friends.

Although the team did not place in this competition, Hadley believes it was a great experience and looks forward to trying out for the team again next year.

Canteen News

On **Sports Day** the School Canteen will be serving **pre-ordered lunch** orders to students only. Orders are strictly due by Monday 25 September 9.00am.

The canteen runs with the support of **parent volunteers**, and they are in much need of building their team. If you have a spare hour or two and would like to help in some way, please see Kate or Rachael in the canteen.

The canteen price list has not had a significant increase for many years. With the cost of living and price of food, the current menu and prices are under review and a **new price list** will be in place from the beginning of Term 4. This will ensure our canteen remains viable and open for our students throughout the week.
